

# CHÂTEAU BARONNE TEDALDI

GRANDS VINS

DU LANGUEDOC

## Particula

Cinsault - 2018

IGP Pays d'Oc

### Grape Varieties .....

100% Cinsault

### Climate .....

Our vineyard lies on the boundary line of the mediterranean and the oceanic climates in the area of « Balcons de l'Aude », in the Minervois... with dry and hot Summer periods, a regular strong northeast wind and fresher nights.

### Soil.....

Our soils are composed of clay and limestone slopes on sandstone. Minervois is a region of scrubland, Aleppo pines and oaks, expressing the fragrances of thyme, rosemary, lavender and cistus.

### Wine Making .....

The harvest is done early in the morning at low temperature and is cooled down by addition of carbonic ice.

Vinification and maturation are done separately for each plot.

Alcoholic fermentation under control of temperature (<16°C).

Short fermentation around 10 days to preserve fruit and freshness.

### Tasting Notes .....

Rosé wine with a light rosé color.

A nose marked by notes of flowers and finesse.

Fresh and expressive in mouth.

Perfect at the apéritif, with tapas, salads and BBQ !

**Degree :** 13 % alc./vol
